EDUCATION

Vellore Institute Of Technology <i>Bachelor of Technology in Computer Science and Engineering</i>	2022 – 2026 CGPA: 8.37
---	----------------------------------

TECHNICAL SKILLS

Languages: Java, JavaScript, TypeScript, SQL
Backend & Frameworks: Spring Boot, Spring MVC, Spring Security, JPA/Hibernate, WebFlux, RESTful APIs
Databases & Caching: MongoDB, MySQL, Redis
Frontend: React.js, TypeScript, Vite, HTML5, CSS3, Bootstrap, Tailwind CSS, Framer Motion
APIs & Integrations: Razorpay, Cloudinary, Gemini, Stability AI, Replicate, SMTP, jsPDF, Apache POI
DevOps & Tools: Git, Maven, Docker, Docker Compose, GitHub Actions (CI/CD), Postman, MongoDB Compass

PROJECTS

Invoiceo | *Java, Spring Boot, MongoDB, React, Bootstrap, Clerk, Cloudinary, jsPDF, Apache POI Jun 2025 – Aug 2025*
Enterprise-grade invoice management system with advanced GST automation, payment tracking, and multi-format export.

- Architected a scalable Spring Boot backend with RESTful APIs, JWT + Clerk authentication, MongoDB with compound indexing, supporting **10k+ invoices** with automated retry logic and comprehensive error handling.
- Engineered an intelligent GST calculation engine handling CGST/SGST and IGST transactions, multi-rate tax rules, automated status workflows, and scheduled overdue detection with daily payment reminders.
- Built a responsive React frontend with 5 professional invoice templates, real-time preview, live GST calculations, status management dashboard, and advanced export capabilities (Excel/CSV).
- Integrated Cloudinary for secure logo uploads with automatic thumbnail generation, implemented property-based testing (jqwik), and deployed AES-256-GCM encryption for sensitive data protection.

LumiAI | *Java, Spring Boot, React, Vite, Tailwind CSS, MySQL, Redis, Docker, JWT, Razorpay Jul 2025 – Sep 2025*
Production-ready AI-powered image generation platform with multi-model support and credit-based payment system.

- Architected a scalable Spring Boot backend integrating **Stability AI, Google Gemini, and Replicate APIs** for text-to-image and image-to-image generation with Redis caching and Cloudinary-based image storage.
- Implemented enterprise-grade security using **JWT with refresh tokens, Google OAuth**, role-based access control and stateless Spring Security configuration and a credit-based monetization system with **Razorpay integration**.
- Built a modern React + Vite frontend with Tailwind CSS, Framer Motion animations, Zustand state management, and responsive mint-themed UI delivering real-time generation feedback and WCAG-compliant accessibility.
- Containerized the full stack using **Docker multi-stage builds** with separate devenvironments, MySQL + Redis services, health checks, and production-ready deployment via Nginx reverse proxy.

Figure N Fit | *Java, Spring Boot, MongoDB, React, TypeScript, Tailwind CSS, Razorpay, JWT Jan 2025 – Feb 2025*
Comprehensive fitness platform with trainer booking, payment integration, review system, and real-time notifications.

- Developed a Spring Boot backend with **MongoDB** integration featuring JWT authentication, booking management, and payment processing using **Razorpay API**.
- Implemented intelligent booking system with time slot management, first booking free logic, email notifications via SMTP, and real-time availability updates.
- Created React + TypeScript frontend with Tailwind CSS featuring booking, payment integration, review forms.
- Designed RESTful APIs for user management, trainer profiles, booking operations, payment verification, and review management with proper validation and error handling.

CERTIFICATIONS

Docker Foundations Professional Certificate – Docker	Dec 2025
Java & Data Structures and Algorithms – Coding Blocks	Jan 2025
AWS Cloud Practitioner Essentials – Amazon Web Services (AWS)	Apr 2025

ACHIEVEMENTS

CP Rankings: Codeforces global rank **979**, LeetCode global rank **1504**, CodeChef global rank **1428**.
Problem Solving: Solved **350+ DSA problems** on LeetCode with a **94% acceptance rate**.
Hackathon Finalist: Securing a place among the **Top 30 teams in India** at **GrabHack Hackathon**.

EXTRACURRICULAR ACTIVITIES

President – Gujarati Club, VIT: Led operations , managed 100+ members, and organized Garba Nights achieving **200% growth** in participation.
President – Ramanujan Mathematica & SAP Club, VIT: Directed 5+ academic events, fostering collaboration among **500+ students**.
Event Coordinator: Planned and executed 10+ cultural and technical events, increasing participation by **100%**.
